Welcome

The success of your event is important to us!
In order to offer you a professional and personalized event, we ask that you review the policies outlined below. If we have left any questions unanswered, please feel free to contact our Catering Department.

THINGS TO CONSIDER WHEN PLANNING YOUR EVENT

When arranging your catered event you have two options regarding the pricing of the function:

Guaranteed Number of Guests – Buffets, Plated Service, Receptions, and Attended Breaks

You decide in advance on the minimum number of guests you are expecting. The catering staff will guarantee enough food, supplies, and seating to cover that number. Any surplus food or supplies left over after the event remain the property of Catering by Scott's. If less than the guaranteed number is present, payment for the full amount is expected. If more than the guaranteed number attends, you will be billed for the actual number of guests. In the latter case, Catering by Scott's will make every effort to accommodate the extra guests, but it cannot be guaranteed nor should be assumed.

Agreed Upon Amounts of Products – Buffets, Pick-Ups, Receptions, and Breaks

In coordination with the catering staff, you decide in advance how much food and supplies you will need for your event. The catering staff can only suggest amounts of product you may require, but cannot guarantee that you will have enough or too much for your event.
